MAKING HISTORY

WELCOME TO OUR GLOBAL CAMPUS FALL SEMESTER 2021

Global Campuses, a 501(c)(3), supports adults with disabilities worldwide in the development of campuses for higher learning.

Academics are tailored to an individual's passions, interests and abilities. In addition to being a student learner, each participant is given the opportunity to lead classes and teach to their peers. Key to our mission is valuing the voice and full participation of adults with disabilities in the development and operation of each Global Campus. GC partners with

Northeast Kingdom Human Services, Upper Valley Services, Lincoln Street, Inc., Lamoille County Mental Health Services, Champlain Community Services, Families First, and Washington County Mental Health Services, as well as a wide variety of individuals, organizations and businesses that support the work of the campuses.

FEATURED GC CHAMPLAIN VALLEY PARTICIPANT

EVA

Eva has been participating at GC Champlain Valley since the spring of 2019. She always comes up with creative class ideas and ways to present her information, and we always look forward to what she will teach next. Her classes have included virtual trips to London, France and Italy, taiko drumming, South Korea, and what life is like as a police officer. In her free time, Eva really enjoys biking along the Burlington waterfront, the Colchester Causeway and on the bike path in Stowe. She is also a huge fan of BTS, a South Korean boy band.

GLOBAL CAMPUSES 2021~2022

ACADEMIC YEAR THEME

MAKING HISTORY

History is the study of past events. Some historical events have changed the world for the better and some have had negative impacts on people and the places they live. History provides an opportunity for reflection and ways to improve the world for future generations. This academic year, we will travel in time and examine the past up to present time and events that have shaped our world and social trends. Each campus will find unique and creative ways to explore this theme as the year unfolds through Teaching Methods and topics chosen for classes taught by Global Campus participants.

A YEAR OF CELEBRATION!

What a year for Global Campuses! It's the 20th year since its founding in May 2001 as a small, grassroots nonprofit. Global Campuses believed that adults across the continuum of disabilities could create, manage and sustain their advanced educational experiences as the teaching faculty, students, and staff of their Global Campus. From the start, you, as campus participants have accepted the opportunity and continue to reach far beyond the original imagining. There are so many stories to tell about your achievements, and we all look forward to celebrating this important anniversary in many ways. Commemorating important milestones along the way is at the core of the Global Campus Experience. One such occasion took place in September 2021, when the Global Campus community celebrated the 10-year anniversary of the founding of Global Campus Shiremont! Congratulations to all Campus Participants!
