MAKING HISTORY

WELCOME TO OUR GLOBAL CAMPUS FALL SEMESTER 2021

Global Campuses, a 501(c)(3), supports adults with disabilities worldwide in the development of campuses for higher learning.

Academics are tailored to an individual's passions, interests and abilities. In addition to being a student learner, each participant is given the opportunity to lead classes and teach to their peers. Key to our mission is valuing the voice and full participation of adults with disabilities in the development and operation of each Global Campus. GC partners with

Northeast Kingdom Human Services, Upper Valley Services, Lincoln Street, Inc., Lamoille County Mental Health Services, Champlain Community Services, Families First, and Washington County Mental Health Services, as well as a wide variety of individuals, organizations and businesses that support the work of the campuses.

FEATURED GC SPRINGFIELD PARTICIPANTS

GINA

Gina is known for her love of natural sciences, and this can be seen through the classes she teaches. She has attended community learning groups and Dartmouth extension classes on topics like North American Black Bears, Whitetail Deer, and Native American topics. She uses her passions to inspire Global Campus classes on many of these same topics. Recently, she has been reading the [Little House on The Prairie](#) series and she taught an amazing pioneer life class all about Laura Ingalls Wilder and her novels. We are always looking forward to seeing what Gina will be teaching about next.

KYLE

Kyle not only taught creative classes on weather and printing & editing this past year, but he also managed to publish his own book! GC Springfield could not have been more excited when Kyle presented and read to us his book about the firehouse, he created this past spring. Kyle is always a cheerleader for his friends and is sure to ask a lot of questions and make the most out of everything he participates in. Kyle thank you for being an excellent teacher and supporting your peers in all they do.

GLOBAL CAMPUSES 2021~2022

ACADEMIC YEAR THEME

MAKING HISTORY

History is the study of past events. Some historical events have changed the world for the better and some have had negative impacts on people and the places they live. History provides an opportunity for reflection and ways to improve the world for future generations. This academic year, we will travel in time and examine the past up to present time and events that have shaped our world and social trends. Each campus will find unique and creative ways to explore this theme as the year unfolds through Teaching Methods and topics chosen for classes taught by Global Campus participants.

A YEAR OF CELEBRATION!

What a year for Global Campuses! It's the 20th year since its founding in May 2001 as a small, grassroots nonprofit. Global Campuses believed that adults across the continuum of disabilities could create, manage and sustain their advanced educational experiences as the teaching faculty, students, and staff of their Global Campus. From the start, you, as campus participants have accepted the opportunity and continue to reach far beyond the original imagining. There are so many stories to tell about your achievements, and we all look forward to celebrating this important anniversary in many ways. Commemorating important milestones along the way is at the core of the Global Campus Experience. One such occasion took place in September 2021, when the Global Campus community celebrated the 10-year anniversary of the founding of Global Campus Shiremont! Congratulations to all Campus Participants!

HOW TO PARTICIPATE AT A GLOBAL CAMPUS

AS A STUDENT LEARNER PARTICIPANT you can register for educational offerings and become a learning member of the campus;

AS A FACULTY PARTICIPANT you can teach and share about a subject, topic, skill, and/or experience;

AS A STAFF PARTICIPANT you can become a staff member of the campus supporting its development and successful operations;

AS A COMMUNITY VOLUNTEER: Community volunteers are encouraged to participate in a variety of ways: assisting participants with research and class planning, supporting our faculty participants during their classes, co-teaching classes and helping with community service projects. Academic Coordinators can provide more information on specific needs at each campus.
